

CALGIS 2007
Thursday, April 5, 2006

8:30 - 9:30

BREAKFAST

Time	Simmons 3&4	Room 208	Room 202	Room 203	Room 204	Room 205	Room 206	Simmons 1&2	Room 210	Exhibit Hall	Time
8:30 to 10:30 Session 6	GIS Policy and Programs Th-01-830, ID: 104 Panel Discussion: Parcel Basemap Geodata: Resolving the Public Records Controversy Moderator: Bruce Joffe GIS Consultants Panelists: Oscar Jarquin, CalTrans Office of GIS John Huie, Contra Costa County Peter Scheer, California First Amendment Coalition Th-01-930, ID: 105 Panel Discussion: Digital Parcel Map Data Sharing Standards Issues and Remedies Moderator: Dennis Klein Boundary Solutions John Ellison, California Resource Agency Dr. James F. Quinn, UC Berkeley	GIS Technology Th-02-830, ID: 193 Geodatabase: New Flavors, New Capabilities; ArcGIS Server: Comprehensive Server-Based GIS Danny Krouk & Justin Fan ESRI CA/NW/Hi Regional Office	GIS Technology Th-03-830, ID: 192 Autodesk	GIS Technology Th-04-830, ID: 194 Baker Maps California: 163,707 square miles in two-hours Baker	GIS Technology Th-05-830, ID: 195 Terrainscapes™ 2007: California NEXMap® USA for California Geospatial Professionals Intermap	GIS Technology Th-06-830, ID: 196 TeleAtlas	GIS Applications Th-07-900, ID: 10 Managing Infrastructure Data in Both a CAD & GIS Environment Sandeep Menon Ideate Inc. Th-07-930, ID: 134 Local Educative Letters and reorganization of educative net from the use of SIG António Rochette Escola Superior de Educação da Guarda, Th-07-1000, ID: 135 The use of GIS in territorial valorisation Ana Lopes Escola Superior de Educação da Guarda, Portugal	GIS in Agriculture Symposium Th-08-930, ID: 197 Short Course; Part I The Value of Remote Sensing for Assessing Vegetation and New Horizon's for Precision Agriculture Jack Paris, EarthMap Solutions Robert Blair	GIS in Agriculture Symposium No Sessions Scheduled	Exhibit Hall	8:30 to 10:30 Session 6
	Morning Break 10:30 - 11:00										
11:00 to 12:00 Session 7	GIS Policies and Programs Th-01-1100, ID: 28 Planning a Successful and Practical Enterprise GIS Karen Underhill, Ph.D., GISP RBF Consulting	Geospatial Data Th-02-1100, ID: 67 Herdng Cats and the Use of Catnip For Building Inter-Agency Collaboration Eric Sandoval, Monterey Peninsula Water Management District	GIS and Public Safety Th-03-1100, ID: 160 Wildfire Risk Information Product Marcus Glass Sanborn Mapping Company	GIS Integration and Innovation Th-04-1100, ID: 170 Spatial Information Resource Management: Reframing GIS Standards & Policies Brian J. Cullis CH2MHill	GIS Applications Th-05-1100, ID: 16 Travel Time: An Empirical Method for Determining Average Network Speeds & Policies James M. Johnston Michael Baker Jr. Inc.	Enterprise GIS Th-06-1100, ID: 39 From Shapefile to Enterprise Multi-user Mobile Editing Justin M. Lokitz Acquis, Inc.	GIS in Education Th-07-1100, ID: 40 Online GIS at the Community College Warren Roberts Rio Hondo College	GIS in Agriculture Th-08-1100, ID: 197 Short Course; Part II The Value of Remote Sensing for Assessing Vegetation and New Horizon's for Precision Agriculture Jack Paris, EarthMap Solutions Robert Blair	GIS in Agriculture No Sessions Scheduled	Exhibit Hall	11:00 to 12:00 Session 7
	Th-01-1130, ID: 131 GIS Development Through Collaborative Government Partnerships Tony Pietropola Geodecisions	Th-02-1130, ID: 65 ADA Transition Planning Using GIS for Decision Support George White Policy Innovation Works	Th-03-1130, ID: 63 Moraga-Orinda Fire District - Wildland Risk Assessment Chris Hallford Moraga Orinda Fire District	Th-04-1130, ID: 9 The Value of GIS/CAD Integration Jason Hill Ideate Inc.	Th-05-1130, ID: 128 Bay Area Business Park Catalog Steve Raney Cities21.org	Th-06-1130, ID: 85 The Role of Spatially Enabled Databases in Enterprise GIS Jeff Saunders Farallon Geographics	Th-07-1130, ID: 48 Managing a GIS-GPS Certificate Program Binila Sinha Diablo Valley College	Jack Paris, EarthMap Solutions Robert Blair	Exhibit Hall Hours 9:30 - 6:30		
12:00 - 1:30 LUNCH/Vendor Exhibits											
1:30 to 3:00 Session 8	Innovative Enterprise GIS Th-01-130, ID: 86 Squeezing Value From Your Enterprise Geodatabase Adam Lodge Farallon Geographics	GIS Applications Th-02-130, ID: 144 Delivering Documents – GIS for Low Cost Document Management Jean-Paul Lavole Geodesy	GIS and Public Safety Th-03-130, ID: 53 The Next Big One: Mitigating Catastrophe with GIS John Radke University of California, Berkeley	GIS Integration and Innovation Th-04-130, ID: 113 Real-time, Real-world Location-enabled Service Oriented Architectures Justin M. Lokitz Acquis, Inc.	GIS Applications Th-05-130, ID: 119 Use of GIS in Mapping Levee Foundation Materials - Sacramento Delta Region Christopher Hitchcock William Lettits & Associates, Inc.	Enterprise GIS Th-06-130, ID: 165 GIS and Nevada County Government Amber Beckler County of Nevada	Geospatial Data Th-07-130, ID: 148 Automatic Image Processing and Fusion for GIS Applications Jacob Yadegar UtopiaCompression Corporation	GIS in Agriculture Th-08-130, ID: 178 Providing Soils Maps for Cooperative Extension Online Jerry Schmierer Colusa County Farm Advisor	GIS in Agriculture Th-09-130, ID: 184 Building a GIS Portal Robin Wood ScanControl	Exhibit Hall Hours 9:30 - 6:30	1:30 to 3:00 Session 8
	Th-01-200, ID: 198 Panel Discussion: Planning for the Next Generation GIS in Government Moderator: Malcolm Adkins Michael Baker Jr. Panelists: Blair Adams, City of San Francisco Oscar Jarquin, Caltrans John Huie, Contra Costa County Lee Greenway, SACOG	Th-02-200, ID: 11 The Intersection of Data Warehousing/Business Intelligence and Geographic Information Systems William Holland GeoAnalytics Inc	Th-03-200, ID: 69 GIS-Based Public Warning Art Bottirelli Contra Costa County/Sheriff's Community Warning System	Th-04-200, ID: 91 Mobile (and other) Integration of GIS Data through the use of XML and Services Ian Fitzgerald, GISP Truckee Donner Public Utility District	Th-05-200, ID: 90 Waterway Maintenance and Geospatial Information Thomas Moorhouse Clean Lakes, Inc.	Th-06-200, ID: 96 Leveraging your Geodatabase as a Business System Garrett Dunwoody San Mateo County Assessor	Th-07-200, ID: 120 Using Street-level Imagery at the City of Livermore Won Yi @City	Th-08-200, ID: 177 Soil Survey Information from USDA on the Internet Edd Russell USDA NRCS	Th-09-200, ID: 179 Use of GIS Technology for Information Retrieval and Analysis Capabilities for a U.C. Research and Extension Center Greg Montez U.C. Kearney Ag Center		
Th-02-230, ID: 21 Putting the Where next to the What and the Why - Geospatial Support for SAP Business Oliver Mainka SAP Labs LLC	Th-03-230, ID: 159 Mapping Planning Points of Dispersion and Populations in Santa Clara County David Hill Santa Clara County Public Health Department	Th-04-230, ID: 24 Connecting the Silos: Adventures in Sharing Geospatial Information John Ellison California Resources Agency	Th-05-230, ID: 162 Integrating High Resolution Imagery with ArcGIS for Urban Water Conservation Andrew Lewis Sanborn Mapping Company	Th-06-230, ID: 8 The Value of New GeoSpatial Technology Bill Zeman GeoSpatial Consulting Services	Th-07-230, ID: 117 CIRGIS participation in the National Map Paul Van Zuytle Channel Islands Regional GIS Collaborative	Th-08-230, ID: 183 Online Climate Variability Threshold Maps with Real-time CIMIS Weather Data Links for Growers and Researchers Kris Lynn-Patterson UC Kearney Ag Center	Th-09-230, ID: 185 Field Data Management and Utility in Mosquito Control GIS Jodi Holeman Consolidated Mosquito Abatement	Exhibit Hall Hours 9:30 - 6:30	3:30 to 5:00 Session 9		
Afternoon Break 3:00 - 3:30											
3:30 to 5:00 Session 9	Innovative Enterprise GIS Th-01-330, ID: 55 Modeling our 3D World with Google Earth and Google SketchUp Wei Luo Google	GIS Applications Th-02-330, ID: 151 Silver Strike James K. Crossfield Dept. of Civil and Geomatics Engineering and Construction, CSU, Fresno	GIS and Public Safety Th-03-330, ID: 164 GIS & Computer Aided Dispatch - Help Where It's Needed Charlie Cullen The City of Palo Alto	GIS Integration and Innovation Th-04-330, ID: 88 Work Order and Service Request Monitoring System at the City of Houston Jon Polay eSpatial	GIS Applications Th-05-330, ID: 65 Steelhead Spawning Sites and Gravel Replenishment: Patterns Within the Carmel Eric Sandoval, Monterey Peninsula Water Management District	Enterprise GIS Th-06-330, ID: 71 New Town, New Data and the GIS Solution Erin Mutch Mountain House Community Services District	Geospatial Data Th-07-330, ID: 83 LRS and County Boundaries Gerry Shoemaker Caltrans	GIS in Agriculture Th-08-330, ID: 206 Panel Discussion: Multi-Level GIS Applications Moderator: Jerry Schmierer	GIS in Agriculture Th-09-330, ID: 181 Trials and Triumphs in Converting Operations to ArcMAP Tom Hawkins CA Dept. Water Resources	Exhibit Hall Hours 9:30 - 6:30	3:30 to 5:00 Session 9
	Th-01-400, ID: 102 Local Update of Census Addresses Program Linda Akers US Census Bureau	Th-02-400, ID: 158 Wiki GIS: Transition to a Distributed System Craig Parada	Th-03-400, ID: 163 California Tsunami Hazards: Science, Policy, and Management Kevin Miller California Office of Emergency Services	Th-04-400, ID: 82 Conflation-Based Data Integrations Samuel Smith Refractions Research Inc.	Th-05-400, ID: 45 Using web-based GIS in environmental compliance at PG&E Kassim Visram Pacific Gas & Electric Company	Th-06-400, ID: 54 Migrating Parcel Data From CAD to Geodatabase - Was it Really Worth it? Gulla Gisladdtir County of Santa Cruz, Assessor's Office	Th-07-400, ID: 62 To Build a National Levee Database Michael J. Bishop Michael Baker Jr. Corporation	Panelists: Richard Plant, Tom Lanini Dan Munk Blake Sanden	Th-09-400, ID: 180 GIS and the Irrigated Lands Program in the Kings River Watershed Sonja Thiede Kings River Conservation District		
Th-02-430, ID: 64 Stereo Feature Mapping using NAIP ADS40 1-meter Imagery Shawn Slade Leica Geosystems Geospatial Imaging	Th-03-430, ID: 56 Earthquake Risk Evaluation for Gas Pipelines: Leveraging GIS Integration Gordon Ye Pacific Gas & Electric Company	Th-04-430, ID: 13 A comparison of using map sheets vs databases for storing engineering maps Colin Hobson Open Spatial Inc.	Th-05-430, ID: 35 Environmental Data Presented via ArcIMS Deborah Martin Alameda County Environmental Health Department	Th-06-430, ID: 156 Opportunities as Small Business University of Redlands	Th-07-430, ID: 111 UCB Fire Center: Providing science-based solutions to wildfire-related challenge Casey Cleve UC Berkeley	Th-09-430, ID: 203 Habitat quality and landscape permeability for San Joaquin Kit Fox in the San Joaquin Valley of California Scott Phillips, CSU Stan. Endangered Species Recovery Program	Exhibit Hall Hours 9:30 - 6:30	3:30 to 5:00 Session 9			
5:00 - 6:30 Evening Reception
